

## **KIDSRSU WEB SITE**

The RSU maintains an official regional web site and district web sites as well as links to other resources to provide general information about our school system as well as information about educational programs, extracurricular activities and school events. These web sites are intended to support the educational mission of the schools, to enhance the curriculum and learning opportunities for students and staff, and to inform the larger community about our schools. The web sites do not create, nor are they intended to create a public or limited public forum.

The regional web site also provides the School Board a medium to publicize its official position on issues related to the schools such as school building projects, proposed school budgets and public policies affecting the schools. The web site is an outlet for the official message of RSU #2 and is not a forum for dissemination of other views. The content of the web site shall remain in the exclusive control of RSU #2, its school board and designated agents.

The Board has adopted guidelines to ensure that the RSU's web site is in compliance with applicable laws and meets the highest educational and quality standards. The Superintendent is responsible for implementing this policy, the accompanying guidelines and any additional administrative procedures that may be needed to govern the day-to-day management of the web site. The Superintendent may delegate specific responsibilities to the Information and Communication Technology Director as he/she deems appropriate.
